RESIGNATION.

About us

Pulse of Europe is a citizens' initiative that began in Frankfurt am Main in 2016. We began as a grassroots movement and are now a non-governmental organization made up of citizens of all parties. We are committed to Europe and show our support – consistently, diversely, personally, voluntarily, spontaneously, situationally and with of a Europe-wide network.

In the last European elections, we played our part in increasing voter turnout with the help of thousands of citizens and numerous companies, organizations and institutions. Help us achieve this goal once again.

Let's be the Pulse of Europe!

DON'T CHOOSE

YOUR SOFA.

Defend the heart of Europe – with your vote!

Climate, pandemic, wars, migration, shortage of skilled labor, inflation... we are hardly used to good news anymore. Instead, frustration is growing. Politicians are arguing about solutions, and nothing seems to be getting done. But the answer to this must not be that we simply look away or try to seal ourselves off. In the face of the huge challenges of our time, we must not stop working together – even if this is often difficult and time-consuming. If we abandon the field to nationalist forces now, we will deprive ourselves of the best chance we have: a common, strong Europe that stands up for our fundamental values and secures our future.

As a Europe-wide citizens' movement, we therefore call on all voters to stand up for the future:

Go to the polls on
June 6th–9th and vote
for Europe!

DON'T CHOOSE SIMPLICITY.

Help us motivate people to vote!

Are you convinced that we need a united Europe and want to stand up with us against anti-European and nationalist forces? Then there are many ways in which you can become active and make a big difference:

By donating, you will ensure that we can distribute even more flyers and posters and raise awareness on social media such as TikTok and Instagram.

**Whether €10, €50 or
€100 – every
contribution
helps!**
